

3D Model Request and Agreement Form

Terms and conditions

No Redistribution: The 3D models and associated assets are provided by the IMAGINE Lab to the individuals listed on this agreement. Redistribution or sharing of the 3D models and associated assets to anyone not listed on this agreement is strictly prohibited. A new request must be submitted to include any additional individuals.

Limited Use: The 3D models and associated assets may only be used for academic and research use. Commercial use is subject to different terms and conditions.

Acknowledgment: Use of the 3D models and associated assets in any publication or presentation requires acknowledgment using the following language: *The 3D models were provided by the IMAGINE Lab in the College of Design at the Georgia Institute of Technology.*

Derived Works: Any work derived from the 3D models and associated assets, such a rendering, animation, presentation, publication or application, must be shared with the IMAGINE Lab within six months of delivery of the 3D models and associated assets. This requirement is for internal reporting purposes only. The Imagine Lab will not redistribute, publish or utilize derived products for research or commercial purposes without prior, written consent of the faculty member listed below. However, the Imagine lab reserves the right to include descriptions, including images, and samples of the derived products on any College of Design managed website.
